

# Clinical Care Committee

Satyan Lakshminrusimha, MD  
Professor and Chair of Pediatrics  
University of California-Davis  
slakshmi@ucdavis.edu  
@neosatyan

# Members

- Satyan Lakshminrusimha, MD FAAP, UC Davis Children's Hospital
- Francis Chan, MD, Loma Linda University School of Medicine
- John M. Cunningham, MD, University of Chicago Comer Children's Hospital
- Morris Gessouroun, MD, University of Oklahoma College of Medicine
- Mary Leonard, MD, MSCE, Stanford University School of Medicine
- Ann Reed, MD, Duke University School of Medicine
- Steven Seidner, MD, University of Texas School of Medicine at San Antonio
- Manu Sood, MD, University of Illinois, Peoria School of Medicine
- Mary Taylor, MD, University of Mississippi School of Medicine
- Christopher Tiongson, MD, UND School of Medicine & Health Sciences
- Yasmin Tyler-Hill, MD, FAAP, Morehouse School of Medicine

# Follow-Up from Fall Meeting

- Low compensation among academic pediatricians and pediatric subspecialists
  - Medicaid-Medicare differences
  - Nursing salaries similar across pediatrics and adult specialties but huge discrepancies among physicians,
- Optimal definition of clinical FTE (white paper produced jointly by AMSPDC and AAAP) is online and has been submitted to Journal of Pediatrics.

# Activities Planned for 2023

- Compensation plans –
  - Follow-up to presentations at the Fall meeting
  - Potential manuscript
    - *Goal 1 – high quality accessible care*
    - *Goal 5 – leadership and career development*
- Create general guidelines for defining clinical FTE (clinics, inpatient service, procedures) using data from the white paper.
  - *Goal 1 – high quality accessible care*
- Collect data on job descriptions and leadership support within pediatric departments and health systems (Division Chiefs, Associate Chairs and Medical Directors)
  - *Goal 1 – high quality accessible care*
  - *Goal 5 – leadership and career development*
